

Social Networking Policy

The Morton Grove Public Library maintains a presence on various social networking sites to advance the Library's mission and to promote library materials, programs and services, and to facilitate communication between Library staff and the public.

Library staff will follow these guidelines when posting on the Library's social networking sites:

- Postings will be professional and reflect well on the Morton Grove Public Library and the Morton Grove community.
- Postings will be written in accordance with the Patron Privacy Policy; disclosing confidential business and patron information is strictly prohibited.

MGPL social media accounts are open to comments by the general public. Library staff will moderate content of the postings.

The following content is considered inappropriate:

- Comments or links not relevant to the discussion topic or to library events, services, programs, or policies.
- Material that is obscene, discriminatory, libelous, or malicious.
- Posts or comments that include insults, threatening, harassing or intimidating language, personal attacks, or unsupported accusations.
- Posts or comments violating copyright, trademark, or other intellectual property rights.
- Private, personal, or confidential information submitted without consent.
- Posts and comments created to impersonate or misrepresent.
- Commercial promotions, political or religious propaganda, or spam.

The Morton Grove Public Library reserves the right to remove posted content that does not comply with this policy.

Abuse of the Social Networking Policy may result in a warning and subsequent banning of the poster from posting to/commenting on Library social media site(s).
